

PF512ST1

Unit for air sterilization

STERIL SYSTEMS[■]

Using:

| cooling-rooms

| ripening-rooms

cooling-room

germfree

STERIL SYSTEMS

ripening-room

avoid mould

STERIL SYSTEMS

AR400 / 810 / 1200

air and surface sterilization

STERIL SYSTEMS[■]

Using:

- | sterilization of production rooms after shift without employees
- | each surface disinfection
- | Laboratories

AR400 / 810 / 1200 / 1500

air and surface sterilization

STERIL SYSTEMS

fermentation cabinet

Lab, DNA chamber

Laboratory

E1000-ST1

ambient air sterilization device

STERIL SYSTEMS

Using:

- | for small cooling-rooms with low height
- | for small production rooms until 150 m³
- | for odor elimination of bone- or waste-rooms
- | dressing-room

locker room, lab

odor elimination and sterilization of air

STERIL SYSTEMS

E2000-2 E2000-4 E2000-6

ambient air sterilization device

STERIL SYSTEMS[®]

Using

- | packaging and slicer-rooms
- | each production-rooms
- | deboning-rooms

slicer- and packaging-room

germfree | easy to retrofit

STERIL SYSTEMS

washing- and production-room

germfree| easy to retrofit
